

Product information ES501W/TC18 E c/w Switch TOC: 15 741 04

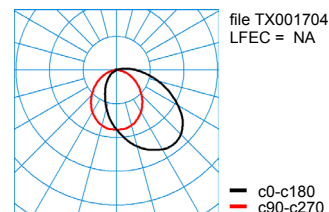

Application

For glare-free light - for instance at the desk - for reading, working, relaxing or eating. Islands of cosy light with additional wall illumination are thus created that completes the general lighting of the room. The luminaires are also suited for visitor zones and corridors.

Optical system

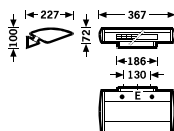

Direct. Internal highly-specular reflector. Silver-grey versions with interior anti-glare louvre, covered with clear panel made of polycarbonate, flush with housing, transmission degree 91 %. White versions covered with opal panel made of polycarbonate, flush with housing, transmission degree 61 %.

Degree of protection	IP 40
Safety class	I
hot wire test	850 ° C
shock resistance	0,5 J
LFEC	NA
Cibse	BZ 5
LOR	0,30

Luminaire body

Luminaire head made of extruded aluminium profiles with circle-segmented contour. End caps made of die-cast aluminium. Wall brackets made of extruded aluminium with triangular contour. End caps made of sheet steel. Including wall-mounting rail made of extruded aluminium for easy mounting to wall. White.

Control gear option

With electronic control gear (E).
